Frequently Asked Questions on Freedom of Information (FOI)

What is Freedom of Information or FOI?

The Freedom of Information (FOI) Program is the Government's response to the call for transparency and full public disclosure of information. FOI is a government mechanism, which allows Filipino citizens to request any information about government transactions and operations, provided that it shall not put into jeopardy – privacy and matters of national security.

The FOI mechanism for the Executive Branch is enabled via Executive Order No. 2, series of 2016.

Who can make an FOI request?

Any Filipino citizen can make an FOI Request. As a matter of policy, requestors are required to present proof of identification.

How do I make an FOI request?

The request process slightly varies depending on which platform is used.

FOI Platform:

- Place your request in writing by filling out a request form and submit the form to the agency's Receiving Officer. State your full name and contact information, and provide a valid copy of your government-issued ID as proof of your identity. Describe in detail the document you wish to access.
- The Receiving Officer shall validate the request and will log it accordingly on the FOI tracker or registry.
- If deemed necessary, the Receiving Officer may clarify the request on the same day it was filed, such as specifying the information requested, and providing other assistance needed by the Requestor.
- The request will be forwarded to the Decision Maker for proper assessment. The Decision Maker shall check if the agency holds the information requested, if it is already accessible, or if the request is a repeat of any previous request.
- The request shall be forwarded to the officials involved to locate the requested information.
- Once all relevant information are retrieved, officials will check if any exemptions apply, and will recommend appropriate response to the request.
- If necessary, the head of the agency shall provide clearance to the response.
- The agency shall prepare the information for release, based on your desired format. It shall be sent to you depending on the receipt preference.

What will I receive in response to an FOI request?

You will be receiving a response either granting or denying your request. If the request is granted, you can expect to receive the documents as an attachment, through the eFOI portal, email, or be requested to collect the documents at the agency you had applied to. If the request is denied, the agency will give an explanation on the denial.

What information can I ask for through FOI?

Information, official records, public records, and documents and papers pertaining to official acts, transactions, or decisions – as well as to government research data used as basis for policy development.

How much does it cost to make an FOI request?

There are no fees to make a request. But the agency may charge a reasonable fee for necessary costs, including costs of printing, delivery, reproduction and/or photocopying.
