Plaridel Water District recognizes that learning and development are essential to delivering quality public service. The organization regularly supports employees in attending training programs, seminars, workshops, and capacity-building activities that enhance technical knowledge, leadership, customer service, and regulatory compliance. These learning opportunities equip personnel with updated skills and best practices in water utility management, ensuring efficient and reliable service to the community. By investing in continuous professional development, Plaridel Water District fosters a competent, adaptable, and motivated workforce. Through ongoing training and seminars, the district strengthens organizational performance while promoting excellence, innovation, and sustainable water service for its concessionaires.

Fire Prevention Tips

1

Iwasang i-overload ang mga saksakan.

2

Tanggalin sa saksakan ang mga appliances na hindi ginagamit.

3

Pahingahin ang mga appliances

4

Bantayan ang mga niluluto.

5

Isara ang kalan pagkatapos magluto.

6

Kung gagamit ng kandila, patayin ito bago matulog.

7

Mainam na magkaroon ng fire extinguisher at alamin ang wastong paggamit nito.

Happy Mother's Day
