MEMO FOR THE GENERAL MANAGER

FILE/REF NO.
2024-03

FROM ADMINISTRATIVE DIVISION

DATE
20 November 2024

SUBJECT

REALIGNMENT OF REPAIR AND MAINTENANCE – MOTOR VEHICLES

BACKGROUND

The PLAWD Project Procurement Management Plan (PPMP) CY 2024 has an allocated budget for Repair and Maintenance – Motor Vehicles (Code 50213060/841). Under this general description are - (a) Motorcycles, (b) Tricycles, and (c) 4-Wheels.

The District's service vehicle Isuzu D-Max (Plate No. SKL 927) encountered mechanical problems and in need of emergency repair. Initial assessment showed that there is a need to replace the rack end pinion assembly and related auto parts. The rack end pinion assembly has two major functions: (a) conversion of the steering wheel's rotational motion into the linear motion needed for the vehicle's wheels to turn; and (b) reduction of gears, which makes it easier for the steering wheel to turn the wheels.

JUSTIFICATION

The Isuzu D-Max like any other vehicle or moving machine, needs regular changes and fixes for it to perform as required. Consequently, there is a need to have the Isuzu D-Max fully and thoroughly checked by Rapide Auto Service Experts (Pulilan Branch) for a detailed and expert diagnosis and repair.

Consequently, there is a need to augment the budget intended for the repairs and maintenance of 4-Wheels vehicles. Thus, the amount of PHP27,000.00 from the repairs and maintenance of motorcycle vehicles will be realigned to the repairs and maintenance of 4-Wheels vehicles.

RECOMMENDATION

It is therefore recommended by the Administrative Division to the Interim General Manager to augment the budget intended for the repairs and maintenance of 4-Wheels vehicles. Thus, the amount of PHP27,000.00 from the repairs and maintenance of motorcycle vehicles will be realigned to the repairs and maintenance of 4-Wheels vehicles.
